Ⓓ Die Abmessungen in Klammern dienen nur als Referenz. Wenn die Abkürzung CZ für eine Dimension angegeben wird, gilt diese Dimension für die gesetzlichen Bestimmungen und Normen der Tschechischen Republik. Wenn die Installation in einem anderen Staat durchgeführt wird, ist die Person, die die Installation durchführt, verpflichtet, eine solche Abmessung gemäß den gesetzlichen Bestimmungen und Normen dieses anderen Staates anzupassen. Die Person, die die Installation durchführt, ist für die korrekte Installation und Höheneinstellung des WC-Moduls verantwortlich. Die Höheneinstellung des Moduls hängt von der Art der verwendeten Toilettenkeramik, dem Toilettenstuhl und dem Inhalt der gesetzlichen Vorschriften und Normen des Landes ab, in dem die Installation durchgeführt wird.

Ⓕ Les dimensions indiquées entre parenthèses sont fournies à titre indicatif uniquement. Si l'abréviation «CZ» est indiquée pour n'importe quelle dimension de l'image, cela signifie que cette dimension correspond aux réglementations et normes légales de la République Tchèque. Si l'installation est réalisée dans un autre pays, la personne effectuant l'installation est tenue d'ajuster une telle dimension conformément aux réglementations et normes légales de l'autre pays. La personne effectuant l'installation est responsable de l'installation correcte et du réglage en hauteur du système d'installation. Le réglage en hauteur du système d'installation est déterminé par le type de cuvette de WC utilisé, le siège de WC et le contenu des réglementations et normes légales du pays dans lequel l'installation est réalisée.

Ⓘ Le dimensioni indicate tra parentesi sono indicative. La sigla "CZ", ove presente, indica che la dimensione a cui si riferisce corrisponde agli standard e alle norme di legge della Repubblica Ceca. Se l'installazione viene eseguita in un altro Paese, chi esegue l'installazione è tenuto ad adeguare tale dimensione in conformità agli standard e alle norme di legge di quel Paese. Chi esegue l'installazione è responsabile che questa venga fatta a regola d'arte e che la regolazione dell'altezza della struttura da incasso sia corretta. La regolazione in altezza della struttura da incasso è determinata dal tipo di water utilizzato, dal sedile del water e dalle normative e standard del Paese in cui viene installata.

Ⓐ De afmetingen tussen haakjes zijn louter informatief. Als de afkorting "CZ" wordt aangegeven voor een dimensie van de afbeelding, betekent dit dat deze dimensie overeenkomt met de wettelijke voorschriften en normen van de Tsjechische Republiek. Als de installatie in een ander land wordt uitgevoerd, moet de persoon die de installatie uitvoert een dergelijke dimensie aanpassen in overeenstemming met de voorschriften en wettelijke normen van het andere land. De persoon die de installatie uitvoert, is verantwoordelijk voor de juiste installatie en voor het afstellen van de hoogte van het installatiesysteem. De hoogteverstelling van het installatiesysteem wordt bepaald door het type toiletpot dat wordt gebruikt, de toiletbril en de inhoud van de voorschriften en wettelijke normen van het land waar de installatie wordt uitgevoerd.

Ⓔ Mätten inom parentes är endast för referens. Om förkortningen CZ anges för någon dimension gäller det att denna dimension överensstämmer med Tjeckiens lagstiftning och normer. Om installationen utförs i den andra staten, är personen som utför monteringen skyldig att justera en sådan dimension i enlighet med lagstiftningen och standarderna i den andra staten. Den som utför installationen ansvarar för korrekt installation och höjdställning av WC-modulen. Höjdställningen för modulen beror på vilken typ av toalett keramik som används, toalettstolen och innehållet i lagliga föreskrifter och standarder i det land där installationen utförs.

Ⓒ Rozměry uvedené v závorkách jsou pouze orientační. Pokud je u nějakého rozměru uvedena zkratka CZ, platí, že tento rozměr odpovídá právním předpisům a normám České republiky. Pokud je instalace prováděna v jiném státu, je osoba provádějící montáž povinna takový rozměr upravit dle právních předpisů a norem tohoto jiného státu. Odpovědnost za správné zabudování a výškové ustavení WC modulu nese osoba provádějící montáž. Výškové nastavení modulu je závislé na použitém typu WC keramiky, WC sedátka a obsahu právních předpisů a norem státu, v němž je instalace provedena.

Ⓔ Rozměry uvedené v zátvorkách sú len orientačné. Pokiaľ je u nejakého rozmeru uvedená zkratka CZ, platí, že tento rozmer odpovedá právnym predpisom a normám Českej republiky. Pokiaľ je inštalácia vykonávaná v inom štáte, je osoba vykonávajúca montáž povinná takýto rozmer upraviť podľa právnych predpisov a noriem tohoto iného štátu. Zodpovednosť za správne zabudovanie a výškové nastavenie WC modulu nesie osoba vykonávajúca montáž. Výškové nastavenie modulu je závislé na použiteľnom type WC keramiky, WC sedátka a obsahu právnych predpisov a noriem štátu, v ktorom je inštalácia vykonaná.

Ⓐ Dimensiunile indicate în paranteze sunt ca termen de referință. În listă de abrevieri „CZ” este indicat pentru fiecare dimensiune din poză, ceea ce înseamnă că dimensiunea corespunde regulamentelor și standardelor din Republica Cehă. Dacă produsul este instalat în altă țară, persoana care efectuează instalarea este obligată să ajusteze dimensiunile în conformitatea cu standardele și regulamentele din țara respectivă. Persoana care efectuează instalarea este responsabilă de corectitudinea instalării și de ajustarea înălțimii rezervorului WC încadrat. Ajustarea înălțimii rezervorului WC încadrat este determinată de tipul de vas WC utilizat, precum și de prevederile regulamentelor și standardelor interne ale țării unde se realizează instalarea.
