Draw lines, drill holes, tap in plastic expansion pipe.

If the floor is a wood floor, you don't need to knock in the plastic expansion pipe, directly use J to knock in the floor.

Zeichnen Sie Linien, bohren Sie Löcher und klopfen Sie das Kunststoff-Dehnungsrohr ein.

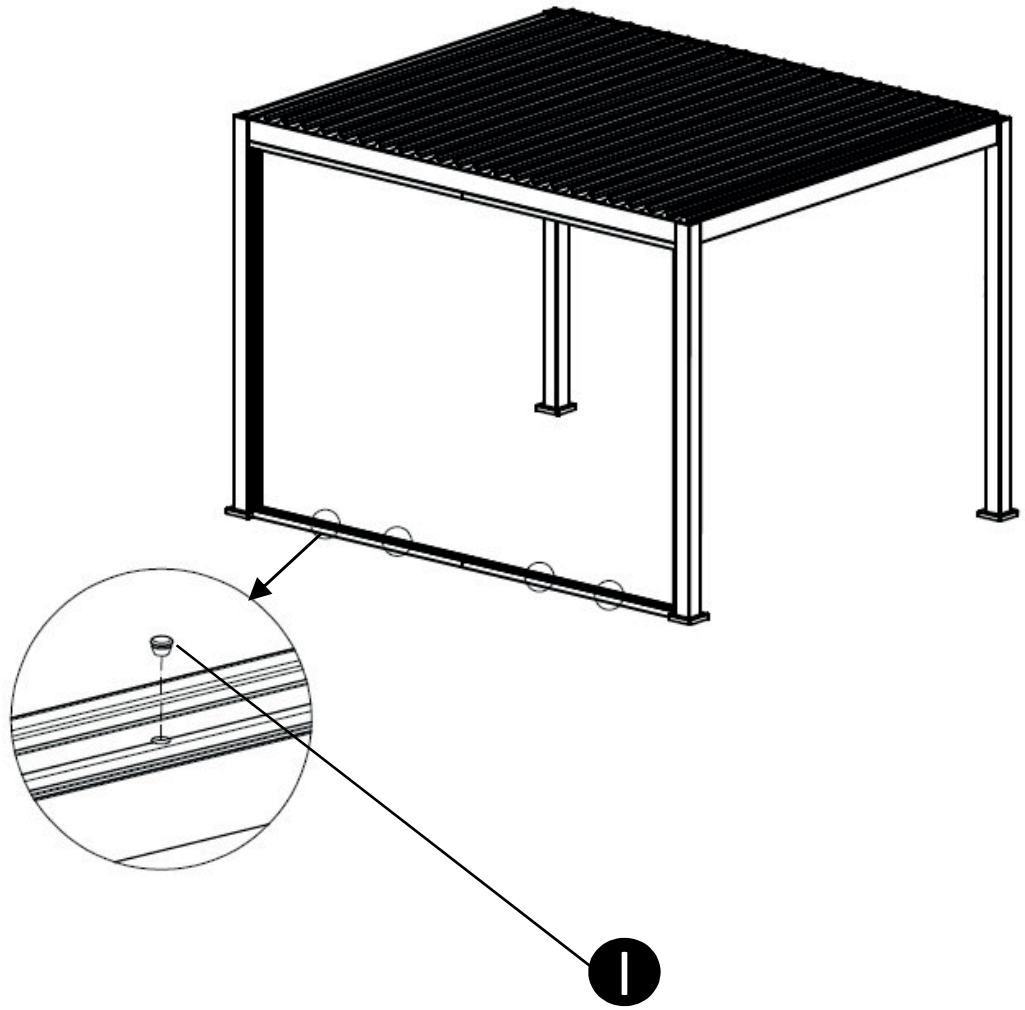

Wenn der Boden ein Holzboden ist, brauchen Sie das Kunststoffausdehnungsrohr nicht einzuschlagen, sondern verwenden Sie direkt J, um den Boden einzuschlagen.
