

WORX PowerShare™ Akku WA3648

- New BMS Technology

Dual Protection Design prevent battery from deep discharge, overheating and overload.

- Cooling System improvement

The combination of the special bracket material, full packed design and air cooling structure design explains good cooling performance, which prolong battery life.

20V MAX POWER SHARE™ PRO

20V Max Power Share
High-Performance+ Battery

21700 High Performance Cells
+ Smart PCB
+ Cooled & Protected Cells
